SUBJECT: Review of Testimony For Senate Foreign Relations Committee

1. The Senate Foreign Relations Committee has asked CIA to review the attached five transcripts of testimony for publication in its unclassified Historical Series. We have assigned an Executive Order number for accounting purposes, but the Office of Congressional Affairs has requested our response by 18 November. Because of the heavy markings and use of color, we are providing the original documents for your review rather than xerox copies. Please ensure that the originals are returned to this office.

2. The Department of State and the Department of Defense have reviewed the transcripts of 7 January and 9 February 1965 and have no objection to public release. We recommend no CIA objection to declassification. You will note that on page 36 of the 9 February transcript there is a reference to two alleged CIA operations. However, this is in a statement by Senator Pell and so would not be considered "official executive disclosure." We defer to your judgment as to whether or not we should request its deletion.

3. State has also reviewed the transcripts of 29 March and 19 May. The portions bracketed in green are recommended for excision by State. We would concur in these deletions, with no further sanitization on our behalf required.

4. The 19 July transcript of testimony does not appear to have been reviewed previously either by State or by Defense and clearly not by CIA. It contains a significant amount of DCI testimony, portions of which we have bracketed in red and recommend for deletion. The transcript must be reviewed by State and we have bracketed one item on page 446 that we will call specifically to State's attention as meeting the criterion for deletion.

5. In view of the short deadline, we would like to pick these documents up from you when the DO review is complete. Please call [redacted] on (s) 34019. This review was done by [redacted] EORS/CRB and coordinated with [redacted] Senior Advisors to CRB.
